The following provisions are subject to the General Terms and Conditions for Supplemental Health and Accident Insurance (CGC) under the Federal Law on Insurance Contracts (LCA/VVG), whose edition is mentioned in the insurance policy.

### Art. 1 Eligibility

- Global privée supplemental insurance is open to all individuals up to their 55<sup>th</sup> birthday.
- Insureds aged 0 to 18, i.e. until 31 December of the year of their 18<sup>th</sup> birthday, are granted the supplemental benefits described in Art. 2, para. 2.2, under the heading Global Junior.
- From 1 January of the year of their 55<sup>th</sup> birthday, insureds are granted the supplemental benefits described in Art. 2, para. 2.3, under the heading Global Senior.
- If a person has already contracted comparable coverage with another insurer and cannot for the time being terminate that insurance, he may join Global privée insurance exclusively for the benefits designated in Art. 2, para. 2.4, under the heading Global Temporis.

### Art. 2 Insured benefits

#### 1. Global privée

The following benefits are covered in addition to the compulsory health insurance:

##### 1. Hospitalisation

- Insurance class  
Private ward (one-bed room) of a recognised hospital facility in Switzerland, in general or psychiatric wards, for treatment of acute conditions.
- Deductibles on hospitalisation benefits
  - no deductible;
  - CHF 1,000 per calendar year;
  - CHF 3,000 per calendar year;  
The selected deductible applies to hospitalisation-related benefits only.

#### 3. Benefits

##### a. General

In case of hospitalisation, the Insurer covers the cost of treatment and of room and board.

##### b. Hospitalisation abroad

If an insured falls ill or has an accident abroad and is hospitalised abroad, the Insurer grants a maximum allowance of CHF 1,500 per day for no more than 60 days per calendar year.

Insureds with private worldwide coverage (option "privée monde") are covered up to maximum CHF 3,000 per day for 60 days per calendar year at the most.

Voluntary treatment abroad is not covered unless the Insurer gives its prior consent.

#### 4. Maternity benefits

a. Entitlement to maternity and childbirth benefits commences upon completion of 12 months' insurance. The term of coverage under Global Temporis does not count for calculating the entitlement.

b. Interruptions of pregnancy and any other maternity-related benefits are subject to the waiting period specified in sub-paragraph (a).

c. Where childbirth involves a hospital stay of less than five days in a private ward, the Insurer will grant insureds a daily allowance of CHF 250 for each day of avoided hospitalisation. Hospital stays invoiced on a lump-sum basis do not qualify for this allowance. Sub-paragraph (a) is reserved.

d. In case of outpatient childbirth or childbirth at home, the insured is entitled to an allowance of CHF 1,200 subject to sub-paragraph (a).

- e. If an insured person is hospitalised in a ward corresponding to her coverage level, the Insurer will also cover the newborn's hospital costs for the duration of the mother's stay in hospital provided the child is also insured with the Insurer. Personal expenses are not covered. Sub-paragraph (a) is reserved.
5. **Scope and duration of benefits**  
Payment of hospitalisation benefits is subject to the following terms and conditions:
- The Insurer will pay the costs of recognised facilities or doctors, i.e. those with which the Insurer has concluded a tariff agreement.
  - If an insured person receives benefits from a non-recognised facility or doctor, he will be entitled to the inpatient hospitalisation benefits actually invoiced per night of hospitalisation, depending on the type of treatment (acute, rehabilitation or psychiatric), but not exceeding the amounts set out in Annex A.  
The list of healthcare providers and maximum amounts is available on the Insurer's website or can be obtained on request. The list valid at the time of treatment is decisive.  
The list of healthcare providers can be amended at any time by the Insurer. Such an amendment in the list does not give the policyholder the right to terminate the contract.
  - The present insurance does not cover organ transplants for which the SVK (Fédération Suisse pour Tâches Communes des assureurs maladie, Solothurn) has agreed specific lump-sum rates. This rule also applies to hospital facilities not bound by agreed lump-sum rates.
  - The entitlement to benefits ceases as soon as the insured's condition is no longer deemed acute.
  - For psychiatric facilities, coverage for hospitalisation benefits is limited to 60 days' hospitalisation in any given calendar year.
  - Coverage for hospitalisation benefits is limited to 90 days' hospitalisation in any given calendar year. The duration of treatment abroad or in psychiatric facilities (60 days) is imputed to the aforesaid 90-day limit.
6. **Obligations of the insured**  
Prior to each hospitalisation, the insured shall check that the facility, hospital ward or clinic where he is to be treated is recognised by the Insurer.
7. **Cost-saving measures**
- If, at the Insurer's proposal or by his own decision, an insured person waives his entitlement to hospitalisation in a semi-private or private ward for the general ward, the Insurer may grant an allowance of up to 50% of the savings estimated by the Insurer and up to maximum CHF 5,000 per hospital stay.
  - In case of outpatient childbirth or childbirth at home, only Art. 2.1.1(4)(d) applies.
