

# Discount for three or more children

An average monthly saving of CHF 106\*

- › Are you a family with three or more children?  
We will grant a discount of **25% per month** on all of your children's basic insurance premiums. **That's an average monthly saving of CHF 106\*!**

## How do I qualify for the benefits?

At least **three children** must be insured together **under the contract of one same adult** (policyholder); they must reside in Switzerland and hold **basic insurance with a member insurer of Groupe Mutuel** (Mutuel, Philos, Avenir, Easy Sana, SUPRA or AMB).

## Your advantages

- A **25% discount per month** for **each child** insured with Groupe Mutuel and residing in Switzerland as long as the adult policyholder has basic insurance with Groupe Mutuel.
- The discount is maintained until the child reaches the end of his or her 18<sup>th</sup> year (regardless of the age of the other children).

\*Calculation for a family with three children, based on the child premium of Groupe Mutuel insurance with a standard deductible (CHF 0) and the accident risk (Swiss average for 2022).
