

New for persons insured with SUPRA

No more having to pay for your medicines in advance.

- » As from 1 January 2023, to make **your life easier** and lighten your administrative burden, Groupe Mutuel has decided that **SUPRA** will **no longer operate** with a “**third-party guarantor**” system but with a “**third-party payer**” system.

What is a third-party payer system?

You will no longer have to pay for pharmacy costs in advance.

By presenting your insurance card, medications in a pharmacy will be paid directly to the provider by SUPRA.

What must you do?

Nothing! The change will take place automatically on 1 January 2023.

How will the billing be done?

Your statements of benefits will show the expenses already reimbursed and those that remain to be paid depending on your deductible amount.
