

List of healthcare providers and maximum amounts

This list takes effect on **1 January 2024**.

Full financial coverage for all healthcare providers in Switzerland in accordance with the applicable terms and conditions up to the date of entry into effect is therefore guaranteed.

The entitlement to benefits is determined by the Law on Insurance Contracts (LCA/VVG), the General Terms and Conditions and the Special Terms and Conditions of your supplemental hospital insurance.

The obligation of Groupe Mutuel Assurances GMA SA to pay benefits is always determined by the terms and conditions of insurance applicable at the time of treatment with the healthcare provider.

Groupe Mutuel Assurances GMA SA reserves the right to make changes to this list at any time. Therefore, please be reminded that before any stay in hospital and except in case of emergencies, you are required to check whether the healthcare facility or doctor you are interested in are recognised by Groupe Mutuel Assurances GMA SA. For further information, please do not hesitate to contact our Customer Services.

We will be happy to help you :

 +41 848 803 111 (8 cts./min.)

 prestations@groupemutuel.ch

If you still wish to use the services of a healthcare provider (nursing home or doctor) which is not recognised by Groupe Mutuel Assurances GMA SA, you run the risk of having to pay for the costs not covered by your supplemental insurance (see limitation of coverage).

1. List of healthcare providers

This list applies to all supplemental hospital insurance contracts including semi-private or private ward coverage by Groupe Mutuel Assurances GMA SA and is valid regardless of your canton of residence.

- =Recognised
- =Partially recognised
- =Non recognised

2. Limitation of coverage

You may still benefit from the services of a healthcare provider (hospital or doctor) which is not recognised by Groupe Mutuel Assurances GMA SA.

Coverage by a non-recognised healthcare provider: if you receive benefits from a non-recognised facility or doctor, you will be entitled to the following amounts per night of hospitalisation, depending on the type of treatment (acute care, rehabilitation or psychiatric) and the ward (semi-private or private), the inpatient hospitalisation benefits actually invoiced, but not exceeding the following amounts per night of hospitalisation:

| | Amounts per night of hospitalisation | | | |
|--|--------------------------------------|-------------------------------------|---------------------------------|---------------------------------|
| | Acute care | | Rehabilitation and Psychiatry | |
| | Semi-private | Private | Semi-private | Private |
| Non-recognised doctor: Reimbursement of medical costs | CHF 500 | CHF 500 | CHF 0 | CHF 0 |
| Non-recognised hospital: Reimbursement of hospital costs | CHF 300 | CHF 500 | CHF 100 | CHF 150 |
| Non-recognised Hospital and Doctor: Total reimbursement - Medical costs - Hospital costs | CHF 800 - CHF 500 - CHF 300 | CHF 1,000 - CHF 500 - CHF 500 | CHF 100 - CHF 0 - CHF 100 | CHF 150 - CHF 0 - CHF 150 |

3. Cost-saving measures

If you choose to use the general ward instead of the private or semi-private ward of a hospital, Groupe Mutuel Assurances GMA SA will pay up to 50% of the estimated difference in costs saved between the private or semi-private ward and the general ward, up to a maximum of CHF 5,000 per hospital stay.
