## ProVista

### A lump-sum benefit in case of disability or death caused by an accident

The amount of the disability lump-sum benefit is determined by the agreed insured amount and the degree of bodily harm suffered by the injured person, in accordance with the scale in the Special Terms and Conditions for ProVista insurance.

To provide greater protection for serious cases (degree of disability exceeding 25%), benefits are increased based on a progressive allowance, up to 350% of the insured lump-sum, as follows:

Insured amount in case of disability	Degree of bodily injury	Level of benefit	Lump-sum benefit in case of disability, paid to the insured
CHF 250,000	20%	20%	<b>CHF 50,000</b>
CHF 250,000	70%	200%	<b>CHF 500,000</b>

- make adjustments to your home
