

Global

Your personal supplemental insurance

The Global range supplements your basic coverage advantageously and simplifies your choice: one single insurance supplement for extended coverage.

Global benefits

The Global range offers, within one coverage type, a wide variety of medical care and hospitalisation benefits, including:

- › alternative medicine;
- › restricted and non-reimbursable drugs;
- › psychotherapists (non-doctor) and independent psychologists;
- › convalescence cures;
- › transport costs;
- › home help expenses;
- › glasses and contact lenses;
- › maternity benefits;
- › assistance in Switzerland and abroad.

Global 1, 2, 3 or 4

These four levels cover hospitalisation in a general ward anywhere in Switzerland and offer coverage suited to your needs and budget.

Global mi-privée or privée

Enjoy exclusive comfort and privacy as well as free choice of specialist by choosing **Global mi-privée (room with two beds)** or **Global privée (room with one bed)**.

Global temporis

Thanks to **Global temporis**, you may also sign up immediately to any alternative of Global insurance, even if you already have comparable coverage with another insurer. At a reduced premium, Global temporis allows you to supplement your current insurance and plan your entry into Global insurance without having to complete a new medical questionnaire.

Global senior

Enjoy additional benefits, especially designed for individuals over 55, such as health and fitness cures and nutrition counselling and classes.

Global junior

Global junior covers the costs of home care for sick children and provides for a contribution for sports activities for children up to 18 years of age.
