

# Academic Care

## Insurance coverage for students from abroad

- » It is not always easy to find one's way in a foreign healthcare system. To make this task easier, **Groupe Mutuel Assurances GMA SA** has developed **Academic Care**, a special insurance coverage for **schoolchildren, students** and **interns** from abroad who are training or studying in Switzerland.

Academic Care provides full coverage, on a level equivalent to compulsory health insurance benefits (LAMal/KVG), in case of illness, accident and maternity; it also offers emergency medical assistance available 24/7 (repatriation to Switzerland and transport costs). Academic Care can be taken out by students from abroad studying in public institutions, for the whole duration of their training and up to the age of 40, or by private schools (e.g. schools and private training institutes).

### **Academic Care is also:**

- Legal protection benefits for patients covering the cost of medical malpractice claims and proceedings up to CHF 300,000 per case.
- A lump-sum benefit of CHF 10,000 in case of accidental death occurring in Switzerland.

# Academic Care benefits
