

«PrimaTel» compulsory health insurance

An innovative solution, unmatched premiums

PrimaTel is an innovative alternative to traditional compulsory health insurance, available throughout Switzerland. Choose PrimaTel in order to avoid unnecessary appointments and to benefit from truly advantageous premiums.

Rules

- You are free to choose your general practitioner when contracting PrimaTel coverage.
- You contact the Medi24 advice centre before any medical visit and apply the medical recommendations provided.
- If a medical visit is required, Medi24 will refer you to your general practitioner or to another health-care provider, except in special cases and emergencies.

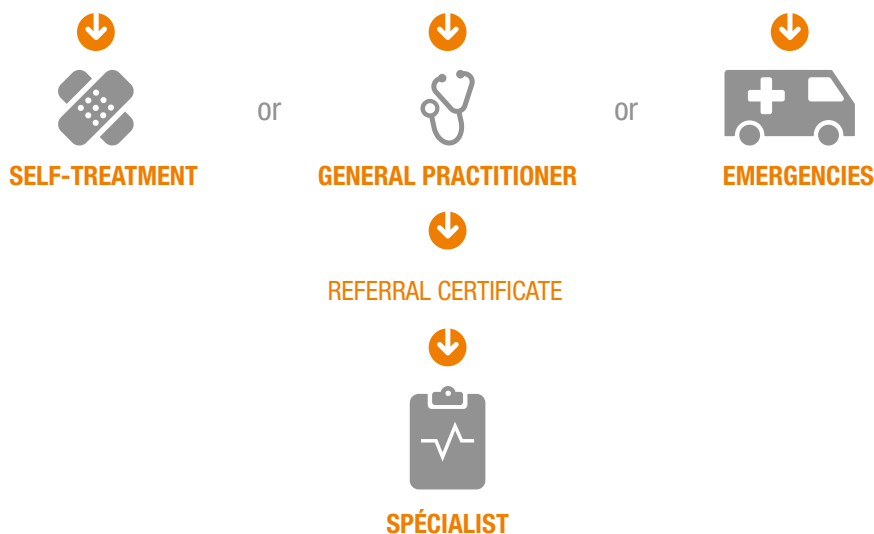

You are not required to contact the Medi24 advice centre or to consult your general practitioner first in the following cases:

- in case of emergency;
- during a stay abroad;
- for a number of medical benefits such as dental and ophthalmological treatments, gynaecology, maternity and medical check-ups for pre-school children.

The terms and conditions of insurance apply.

I contact Medi24 and take into account one of three medical recommendations:

Freephone number: 0800 852 852

If I wish, I can receive by SMS text message a summary of the medical recommendations.

The advice provided by Medi24 and the coordination of treatment follow-up by the general practitioner have a positive influence on costs and this allows us to offer advantageous premiums.

Your advantages

- › You maintain the same benefits than under the ordinary health insurance and enjoy particularly attractive premiums.
- › You are free to appoint your family doctor as general practitioner.
- › You will receive excellent medical advice free of charge.
- › You will receive a summary of the medical recommendations provided in an SMS text message.
- › You will save time and money and avoid unnecessary medical visits.
- › You may also contact Medi24 for other information such as prevention measures for a number of illnesses, required vaccinations for travelling abroad or details of on-call doctors and pharmacies.
- › You may appoint another general practitioner once a year or in case of a change of address.

Medi24

0800 852 852

In the Medi24 medical centre, 120 employees receive up to 3,000 phone calls per day, 24/7. The centre is operational throughout Switzerland since 1999 and qualified medical staff is at your service to help you find the best solution in case of a health problem.
