

PrimaPharma compulsory health insurance

Your pharmacy as the first point of contact

PrimaPharma is a compulsory health insurance model based on the principle of seeking prior advice in a pharmacy.

Principles of insurance

- › In the event of a health problem, you go to one of our partner pharmacies, which will assess your health condition and provide guidance on the therapeutic steps to take.
- › Self-medication treatment will be recommended wherever possible.
- › If it is necessary to visit a medical practice, the pharmacist will refer you to the appropriate doctor.

Your advantages

- › You take full advantage of the knowledge and added value of your pharmacist as the first point of contact for basic healthcare.
- › You can contact your pharmacist without an appointment, within the extended opening hours of over 350 partner pharmacies in Switzerland.
- › You only go to the doctor or hospital when it is absolutely necessary and save time and money.
- › In addition to these benefits, you will receive a premium discount compared to the standard basic health insurance.
