

Corporate Customer Area

Reduce your administrative burden

Thanks to your Corporate Customer Area, you can report and monitor your employees' cases of incapacity for work without assistance, easily and efficiently.

A tool that is easy to use

- Easy notification of your employees' cases of incapacity for work using online reporting
- O Secure transmission of medical certificates
- O Assignment of access rights according to your needs
- O Ability to track the progress of all reported cases
- Overview of payments made.

Our ambition

O To make your life easier by allowing you to be self-reliant and to reduce the administrative burden of reporting and monitoring cases of illness or accident.

How?

- O By providing you with an overview of your situation at all times.
- O By speeding up the investigation of cases thanks to the full digital management of cases of illness and accident.

Advantages

- O Simple: no set-up required, automatic updates
- O Secure: secure login with double authentication by email or SMS text message
- O Autonomy: immediate assignment of a claim number in case of accident or illness
- O **Ergonomic:** enhanced forms and intuitive navigation
- O User-friendly: dynamic information accessible from the homepage
- O Free of charge: service included in your insurance solution
- Extensible: compatible with other client platforms (HR management systems, SunetPlus, etc.)
- Open-ended: in a continuous improvement effort, new functionalities will be made available over time
- Participative: your comments and suggestions for improvements will allow us to develop the platform according to your needs.

Autonomy and simplicity
