## › Your new exclusive benefits at a glance:

### Appointments without the co-payment

Once you have reached your deductible (the amount you have to pay before your insurance company starts reimbursing you), you will no longer have to pay the 10% co-payment for appointments with your family doctor. These appointments will be fully covered by your insurance, at no extra cost.

### Free teleconsultations

You can choose to undergo a free teleconsultation (for example, if your doctor is unavailable):

- with our Medgate partner (languages: French, German, Italian or English): 24/7 on 0848 803 308 (8 cts/min).

### Free access to "Points Santé"

"Points Santé" are places where you can receive basic medical care for everyday emergencies such as minor injuries or infections, saving you from having to go to a traditional emergency room. You will be cared for by qualified nurses, under the supervision of a doctor.
